

abed

Friday night, bed
Saturday morning, bed
Sunday afternoon, bed
Monday, Tuesday, Wednesday, bed
Thursday, you know, bed
bed, bed, and more bed
years of bed
maybe a little couch
when it was better
before it got worse
and then bed took over
claimed more and more of house, self, world
bed above, below, all around
best friend and gravest enemy
sweet bed
i want a divorce
i want to see other people, other furnitures
but bed abides
today, bed
tomorrow, bed
bed, bed, bed
